## Bus Users UK

Bus Users UK is a voluntary, non-party political organisation to protect and promote the interests of bus passengers.

It campaigns for quality bus networks which are convenient and easy to use for all sections of the community.

It works to increase the influence of bus users on local and national government decisions about public transport as well as to develop better communication between passengers and the providers of bus services.

Bus Users UK produces a newsletter 'Bus User' four times a year which is free to members.

Membership is open to all bus users and groups who share its aims. For further information and membership forms please write to:
